

Defining the research agenda for 3D printing-enabled re-distributed manufacturing

Dissemination and scoping workshops

Hauser Forum Seminar Centre, Cambridge

13-14th January 2016

Provisional Agenda v1.0 (updated 27/11/15)

Wednesday 13th January: *Dissemination workshop*

- 12:30 *Lunch and networking*
- 13:30 Welcome and introductions
- 13:45 Overview of 3DP-RDM
- 14:00 The enabling role of 3DP in redistributed manufacturing: A total cost model
- 14:45 OPTIMOS PRIME: Organising Production Technology Into Most Responsive States - 3D PRInt Machine Enabled Networks
- 15:30 *Refreshments and networking*
- 16:00 Investigating the Impact of CAD Data Transfer Standards for 3DP-RDM
- 16:45 Redistributing Material Supply Chains for 3D printing
- 17:30 Summary
- 17:45 *Close*

- 19:00 *Drinks reception and dinner at a Cambridge College (TBC)*

Thursday 14th January: *Scoping workshop*

- 09:30 *Refreshments and networking*
- 10:00 Welcome and introductions
- 10:15 Overview of 3D printing, re-distributed manufacturing and the National Strategy for Additive Manufacturing
Phill Dickens and Tim Minshall
- 11:00 Landscaping activity and prioritisation
- 12:30 *Lunch and networking*
- 13:30 Small group discussion activities
- 14:30 Feedback from small group discussions
- 15:30 Next steps
- 16:00 *Close and refreshments*
