

T-Plan: The fast start to **Technology Roadmapping**

Planning your route to success

This folder contains electronic copies of the resources in the Appendices of the T-Plan Guide. These are intended for supporting the application of the standard process, focusing on integrated product planning, although they can also be used with modification* for supporting customised roadmapping processes.

The resources include Microsoft Word and PowerPoint files (version 97 SR-2), and are formatted to A4 paper size.

*To display and print correctly you may need to install the fonts *Times New Roman* and *Arial Narrow* on your computer.

To view on-screen, select the [pdf file](#) version. To *edit* a document select the [Word or PowerPoint](#) version and 'save as' onto your hard drive. PC users may need to change the properties of copied files (right-click <properties>) 'from read-only' to 'archive'.

Contents

A. Training support: Biko case

- [Participant instructions](#) [Participant instructions](#)
- [Facilitation slides](#) [Facilitation slides](#)

B. Briefing note for workshop participants

- [Briefing note](#) [Briefing note](#)
